

ILLEGAL TOBACCO

If they are cheap – they are most likely illegal!

If you don't know already, illegal tobacco comes in a few different forms:

- Genuine products that have been smuggled to avoid tax
- Individual cigarettes not in packaging
- Fake versions of genuine brands
- Foreign brands

So what's the big deal?

- Smoking is harmful to your body full stop. We're talking cancer, lung disease and heart disease... oh and death
- Say goodbye to your money if you get hooked. Say goodbye to holidays, better phones, or new clothes
- Your hair and clothes will stink, your teeth and hands will turn yellow. Gum disease isn't cute
- You could lose future jobs, or you could struggle to even get a job when you smoke

Spotting illegal tobacco can be difficult, but look out for:

- Cheap prices
- Lack of health warnings
- Foreign languages on the packaging
- Sold in unlicensed shops, private homes, pubs and clubs or advertised on social media

Os nad ydych chi'n gwybod yn barod, mae tybaco
anghyfreithlon yn dod mewn ychydig o wahanol ffurfiau:

- Cynhyrchion dilys sydd wedi'u smyglo i osgoi treth
- Sigarennau unigol nad ydynt mewn pecynnau
- Fersiynau ffug o frandiau dilys
- Brandiau tramor

Felly, beth yw'r broblem fawr?

- Mae ysmigu yn niweidiol i atalnod llawn eich corff. Rydyn ni'n siarad am ganser, clefyd yr ysgyfaint a chlefyd y galon... a marwolaeth
- Ffarweliwch â'ch arian os cewch eich gwirioni. Ffarwelio â gwyliau, ffonau gwell, neu ddillad newydd
- Bydd eich gwaltt a'ch dillad yn drewi, a'ch dannedd a'ch dwylo'n troi'n felyn. Nid yw clefyd y deintgig yn giwt
- Gallech golli swyddi yn y dyfodol, neu gallech gael trafferth hyd yn oed cael swydd pan fyddwch yn ysmigu

Gall fod yn anodd dod o hyd i dybaco anghyfreithlon, ond cadwch olwg am:

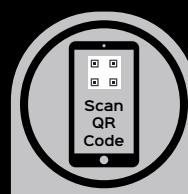

- Prisiau rhad
- Diffyg rhybuddion iechyd
- Ieithoedd tramor ar y pecyn
- Wedi'i werthu mewn siopau didrwydded, cartrefi preifat, tafarndai a chlybiau neu'n cael eu hysbysebu ar gyfryngau cymdeithasol

Sut alla i ei atal? Rho wybod.
